

ABOVE GROUND ROLLERS & POOL BLANKETS

Durable | Light | Practical

ABOVE GROUND ROLLER

A Sunline Above Ground Roller is a trouble free and lightweight system, that's perfect for handling and also storing your Sunline Pool Blanket.

The Sunline units can easily be operated by anyone, and all it takes is less than a minute or so to retract or withdraw the pool blanket from your pool.

Available in a neutral metallic colour it can be made to suit most sized pools. From 1.5 metres right up to 5.5 meters.

It also features adjustable fittings, which are simple, durable and long lasting. An easy to use product that will offer years of trouble-free service.

A Sunline Above Ground Roller is a cost effective solution to suit your requirements, plus it will tidy up your swimming pool entertainment area.

POOL BLANKETS

Installing a Sunline pool blanket can save you more than money and debris in the pool...You'll be saving the sun's natural warmth, eliminate evaporation and reduce running costs in terms of maintenance and pool chemical consumption.

A cost effective and convenient way to save water and heat your pool at the same time, solar blankets are made from a film containing thousands of tiny bubbles which work together to collect and retain heat in your pool.

The blanket floats on top of the water (bubble side down) and allows solar energy to pass through - trapping and retaining the heat in your pool. Warming your pool by up to 8° and reducing heat loss by up to 75% by simply reducing water evaporation.
