AMALFI MOSAICS

Amalfi Mosaic's glossy appearance make the most of water's reflective properties and are adored for their upscale glamour and luxury finish. They have an appealing illuminance, silky smooth finish, and are vibrant in their apparent colour. Their appearance will compliment the look of your water and will not fade or discolour with age.

Fully tiled pools are the easiest to maintain, they're are the longest wearing, and are superior for their outright durability. Once tiled, the lining of your pool should never have to be replaced.

Our high quality and durable crystal and melted glass tiles, are frost proof, resistant to fading, non discolouring and chemically immune. They are non porous, so they will never stain and are impervious to water. The Amalfi tile range has been specifically manufactured and selected due to their quality materials sourced from our exclusive manufacturer.
