

THE
ROLLAWAY

a sustainable underground pool blanket box

made to sustain

Recycled PVC

Energy efficiency

Thermal-insulating value

Low contribution to greenhouse gases

Durable

Recycleable

Australian Made

Sunline Australia proudly manufactures an environmentally sustainable underground swimming pool blanket box. The “Rollaway” is produced with Structural Recycled rigid PVC.

The PVC material is sourced from Australian post-commercial industry, before being converted into the uniquely designed “Rollaway” blanket box.

With supreme resistant to weathering, chemical corrosion, shock, and abrasion, and with no risk of rust, the “Rollaway” is the cleanest, smartest choice on the market.

The “Rollaway” has been specifically designed and engineered, manufactured, and assembled in Australia to meet the harshest of Australian conditions, meeting all Australian and International Standards

The “Rollaway” by Sunline is an innovative design that neatly and safely houses your pool blanket. Sitting flush with the paving, the “Rollaway” is a great addition to any new or existing swimming pool creating more usable space for the whole family to sit, relax and enjoy their family pool experience. The classic “Rollaway” design ultimately provides protection and longevity to your pool blanket. Easy to use and install the “Rollaway” will give your pool the aesthetic desire and practicality for your dream backyard pool.

- Functional design for one person operation.
- Anodised aluminium lid that sits flush to decking or paving.
- Built in wind handle perch for easy access and to prevent loss.
- Compact internal mechanism allows pool blanket to be stored and protected from UV rays and harsh weather.
- Internal mechanisms have been selected to prevent rust or corrosion, and promote durability for sustainability.
- Available in manual or remote mode
